

DISNEYLAND PARIS FINAL INFORMATION

HOTEL INFORMATION

When checking in, please ensure that you announce you are part of a large group first and foremost, which is named SA Academy of Cheer and Dance. Only then should you give your room occupant names to the receptionist.

The hotel will have prepared one envelope for each room. Enclosed within will be breakfast passes, the theme park tickets for all occupants and a single key card (if collected after 3.00pm). The reception will be able to create duplicate key cards, but only if the person requesting this has the original in hand. It's essential that individuals sharing a room are in communication with each other, especially if you're travelling separately.

Theme park passes should be ready for collection at the hotel reception from 9.00am but rooms will not be accessible until after 3.00pm. Rooms must be vacated by 10.00am on the day of departure. Outside of these times, luggage can be stored at the hotel reception building which is free of charge.

SHOW DAY - 19TH AUGUST

On the morning of the 19th, dancers will need to meet their coaches at the hotel reception. From here, we will escort the dancers to the Disney Village to meet the Disney Performing Arts Coordinators outside the 'World of Disney' shop. We will confirm in the WhatsApp group the night before what time we would like dancers to meet us the next morning. Weather dependant, we will walk to the Disney Village, but if it is forecast rain then we will catch the shuttle bus. Therefore we aren't sure of the exact meet time as of yet, but it should be around 8:45am.

Dancers will need to bring all of their costumes with them, including everything they need for the show, packed into the smallest bag possible. Please ensure dancers also have their park tickets with them as they will need these to get into the park.

The Disney Performing Arts Coordinators will then take dancers and coaches to the Videopolis theatre so that we can familiarise ourselves with the venue and block our routines on stage. Parents will need to

collect dancers from the Videopolis theatre at around 11am, which is close to *Star Wars* Hyperspace Mountain, in the Discoveryland section of the main theme park.

The whole team must be present for the morning meeting. The Disney Performing Arts department cannot wait for latecomers. Our show time cannot be changed or delayed if any performer is not where they need to be when they need to be there. Please be aware that dancers will only be able to participate if they are on time.

SHOWTIME - 2:30PM

After the morning meeting, dancers can spend time in the park with their families, then will need to meet their coaches outside the Videopolis stage at 1:15pm. Their costumes will have been left backstage from the morning meeting, so they can get changed backstage, but we would like dancers to have hair and makeup done by this time.

Please consider not entering a queue for a ride during the hour before your show meet time. This will avoid any disasters happening, such as a ride breaking down, which may result in dancers being late.

After the show, please congregate outside the Videopolis building to collect your child. Disney has asked us to ensure our supporters do not create a crowd of any size at the backstage corridor exit (inside the theatre), as this is disruptive to Disney park staff, confusing for other patrons, causes a fire hazard and blocks access to the venue's toilets.

OTHER INFORMATION

Dancers will need to wear closed shoes to enter the backstage area - Crocs, Sliders, Flip flops, Sandals etc. are not permitted.

There are water fountains backstage. Food and drink (except still flavourless water) must not be consumed backstage.
